**Date communications cabling:** Freeman is the **exclusive installer** of Data communications cabling. Freeman provides cabling to booths, within booth (excluding under carpet installation) and from Booth-to-Booth. Fibre Optic, twisted pair (Cat 5E and 6), and all other data related cables fall under Freeman's area of expertise. Please contact us for further details and pricing.

**IMPORTANT!!** Prior to installation of service, a complete floor plan is required. Please utilize this grid should you not have your own floor plan to send us.

Adjacent Booth or Aisle No.									
Adjacent Booth or Aisle No.									

**Please mark the floor plan using the following designations:**

**X = Internet Connection**

**Orientation** = The Booth or Aisle #'s surrounding your booth. A minimum of two surrounding Booth or Aisle # is required (three or more would be more helpful) for Freeman to accurately install your service.

**Size** = Booth Dimensions (example 10 x 10) \_\_\_\_\_

**TERMS & CONDITIONS:** Any equipment that is found to be causing disruptions to any part of the Freeman infrastructure will be removed and not reinstated until the problem has been rectified to the satisfaction of Freeman. Freeman does not provide technical support for computer hardware or software related issues. Freeman does not provide technical support on any issues related to the configuration of your computer equipment. All devices that are used on the Freeman network for Internet Access shall acquire a Dynamically Assigned IP Address that is automatically assigned by the Freeman server. Freeman does not allow the use of any Wi-Fi broadcasting device such as: Wired or Wireless Routers, DHCP Servers, VPN Servers; Adhoc devices or Access Points. Installation and broadcasting of such devices will result in the immediate termination of services ordered without refund.
